

Spring 2012 Levels

If your child is moving up to the next level for Spring 2012, we recommend signing up for an "advancing show," in which we celebrate their success and advancement at the end of the show. There is a **\$25 fee** charged when registering for the advancing shows. The fee covers all the new materials (t-shirt, skill chart, ribbons, etc) for the new level. This fee is not a gym show fee. It is the advancement fee that is charged anytime a student advances to the next level (regardless of attending an advancing gym show). The timing of this just works out well to turn receiving their new uniform into a group celebration.

If your child is not advancing that does not mean they are not doing well in class or progressing. The Coaches take into consideration the progress a student has made on their skill chart and their physical, social, cognitive and emotional readiness when deciding whether to move a student to the next level. If you do not agree with the decision made by your child's coach, please do not hesitate to contact us and to discuss the decision. The list is not set in stone and we value your input in the decision making process. We all want what is best for the child and care greatly about your input and finding the right fit and path for your child.
